REPUBLIC OF ZAMBIA
HIGH COURT OF ZAMBIA
31 AUG 2026
PRINCIPAL REGISTRY 1
P.O. BOX 50067, LUSAKA.

IN THE MATTER OF:	ARTICLE 73 (1) OF THE CONSTITUTION OF ZAMBIA (AMENDMENT) ACT NO. 2 OF 2016 OF THE LAWS OF ZAMBIA
IN THE MATTER OF:	SECTIONS 72, 92, 96, 97, 98, 99 AND 100 (2) (a) OF THE ELECTORAL PROCESS ACT NO. 35 OF 2016 OF THE LAWS OF ZAMBIA
IN THE MATTER OF:	PART III OF THE HIGH COURT (ELECTION PETITION) RULES 2026 OF THE LAWS OF ZAMBIA
AND	
IN THE MATTER OF:	AN ELECTION PETITION RELATING TO BANGWEULU CONSTITUENCY PARLIAMENTARY ELECTIONS HELD ON THURSDAY, 13TH AUGUST, 2026

BETWEEN:

REUBEN CHAMA (MALE)	**PETITIONER**
AND	
HAPPY MAMPA (MALE)	**1ST RESPONDENT**
ELECTORAL COMMISSION OF ZAMBIA	**2ND RESPONDENT**

AFFIDAVIT VERIFYING FACTS IN ELECTION PETITION

I, REUBEN CHAMA a Zambian National ordinarily resident at Plot No. 16, off Ring Road, New Kasama in Lusaka District in Lusaka Province of the Republic of Zambia **DO HEREBY** make **OATH** and **SOWETH** as **FOLLOWS**:-

1. That my full names and nationality are as stated above.

2. That I was duly nominated and participated as an Independent candidate in the election for Member of Parliament for Bangweulu Constituency held on 13th August, 2026, and I depose to this Affidavit in that capacity and from matters within my personal knowledge, save where otherwise stated.

3. That the candidates who contested the said Parliamentary election included Moses Chabala of Zambia Must Prosper (ZMP), myself as an Independent candidate (IND), Derrick Chanda of Citizens First (CF), Anthony Kasandwe of the National Reconciliation Party for Unity and

Prosperity (NRPUP), and the 1st Respondent, Happy Mampa, of the United Party for National Development (UPND).

4. That after the close of polling on 13th August, 2026, the verification and totaling of constituency results commenced at the designated Totaling Centre at the Samfya Town Council Chamber, at which candidates, agents and other accredited stakeholders were present.

5. That between 14th August, 2026 and 15th August, 2026, results from 99 out of the 112 Polling Stations in Bangweulu Constituency had been presented for verification, although only the results from 96 Polling Stations were printed and publicly announced by the Returning Officer.

6. That the results from the said 96 Polling Stations were verified and accepted in the presence of stakeholders, leaving results from 13 Polling Stations outstanding for verification and public announcement.

7. That on 15th August, 2026, before the remaining 13 Polling Station results could be verified and announced, the Returning Officer, Mr. Kabo Milton, informed the stakeholders present that he had been instructed by the 2nd Respondent to close the Totaling Centre and to defer the verification and announcement of the outstanding results to 16th August, 2026 at 10:00 hours.

8. That following that announcement, armed officers of the Zambia Police Service required the candidates, agents and other stakeholders to leave the Totaling Centre, while the ballot boxes, Gen 20 Forms and other election materials relating to the outstanding Polling Stations remained in the custody and control of the Returning Officer and officers of the 2nd Respondent.

9. That on 16th August, 2026, I returned to the Totaling Centre together with other stakeholders before the scheduled resumption of the verification process, but we were prevented from entering the Totaling Centre by the police officers stationed there.

10. That after being denied access to the Totaling Centre, we approached the District Electoral Officer, Mr. Paul Kabwebwe, who informed us that the results from the remaining 13 Polling Stations were available for verification and announcement and that the Returning Officer was expected to proceed accordingly.

11. That notwithstanding the said assurance, when we approached the Returning Officer to continue with the verification and announcement of the outstanding results, he declined to proceed and stated that he would only act upon receiving further instructions from the 2nd Respondent.

12. That contrary to the representation made on the previous day, the Totaling Centre was not reopened at 10:00 hours, or at any other time thereafter, for the candidates and stakeholders to witness the verification and announcement of the results from the outstanding 13 Polling Stations.

13. That at about 18:00 hours on 16th August, 2026, the Returning Officer nevertheless proceeded to announce what he described as the final results from all 112 Polling Stations, notwithstanding that the results from the outstanding 13 Polling Stations had not been verified and announced in our presence.

14. That according to the final figures announced by the Returning Officer, the 1st Respondent was credited with 13,012 votes while I was credited with 10,734 votes, following which the 1st Respondent was declared duly elected Member of Parliament for Bangweulu Constituency by a margin of 2,278 votes.

15. That following the declaration, I examined the polling-station results against the figures appearing in the constituency totaling record and discovered material differences between the figures recorded at the affected Polling Stations and the figures subsequently used at the Totaling Centre.

16. That I shall rely upon and produce in evidence the **original** Gen 20 Forms for the affected Polling Stations, which forms record the results entered and signed at the respective Polling Stations following the counting of votes. The said original Gen 20 Forms are now produced and shown to me collectively and marked **"RC1"**.

17. That I further produce the Record of Proceedings at the Totaling of Votes used by the 2nd Respondent during the constituency totaling process, which record contains figures materially different from those appearing on the original Gen 20 Forms and reflects inflated figures in favour of the 1st Respondent. The said Record of Proceedings at the Totaling of Votes is now produced and shown to me and marked **"RC2"**.

18. That a comparison of **RC1** with **RC2** reveals that the figures subsequently entered in the constituency totaling record were not, in material respects, the same figures recorded on the original polling-station Gen 20 Forms.

19. That the discrepancies particularly affected Kaishe 1, Sakala 2, Ninge 1, Mufimba 1, Yongolo 1, Chesemba 1, Chinsanka 1, Njipi 2 and Mwelela Polling Stations, all of which formed part of the Polling Stations whose results had not been openly verified and announced before the Totaling Centre was closed.

20. That by way of example, the original Gen 20 Form forming part of **RC1** for Njipi Primary School 2 Polling Station records 78 votes for the 1st Respondent, whereas **RC2** records 328 votes for the 1st Respondent at the same Polling Station, thereby increasing his figure by 250 votes.

21. That the figure of 328 votes attributed to the 1st Respondent at Njipi Primary School 2 Polling Station in **RC2** is itself greater than the recorded total of 222 votes cast at that Polling Station.

22. That, similarly, the original Gen 20 Form forming part of RC1 for Ninge Primary School 1 Polling Station records 145 votes for the 1st Respondent, whereas **RC2** records 545 votes in his favour, thereby increasing his figure by 400 votes.

23. That the figure of 545 votes attributed to the 1st Respondent at Ninge Primary School 1 Polling Station in **RC2** is also greater than the recorded total of 529 votes cast at that Polling Station.

24. That the foregoing two examples alone account for an increase of 650 votes in favour of the 1st Respondent when **RC2** is compared with the corresponding original Gen 20 Forms in **RC1**, and they are illustrative of the wider discrepancies identified in the affected Polling Stations.

25. That I verily believe that the figures appearing in **RC2** in respect of the affected Polling Stations do not constitute a faithful transcription or totaling of the results recorded at the Polling Stations in **RC1** and consequently do not represent the genuine Polling Station results upon which the constituency declaration ought to have been based.

26. That the unexplained interruption of the verification process, the exclusion of candidates and stakeholders from the Totaling Centre, the failure to verify and announce the remaining results in their presence, and the subsequent emergence of figures in **RC2** which materially differ from **RC1** are matters which, taken together, seriously undermine the transparency, accuracy and integrity of the constituency totaling and declaration process.

27. That I have been advised by my Advocates, Messrs. M.K Achiume & Associates, which advice I verily believe to be correct, that a Returning Officer is required to tally and declare election results in accordance with the results received from the Polling Stations and in compliance with the Electoral Process Act and the applicable election procedures.

28. That I have further been advised by my Advocates, and verily believe, that where the figures used in the constituency totaling record materially differ from the authentic Polling Station results and such differences are capable of affecting the declared outcome, the resulting declaration is vitiated by non-compliance with the law governing the conduct and totaling of elections.

29. That the final margin declared in favour of the 1st Respondent was 2,278 votes, while the discrepancies shown by **RC1** and **RC2** concern several of the 13 Polling Stations whose results were not openly verified before the final declaration; I therefore verily believe that the said discrepancies were material and capable of affecting the result of the election.

30. That in the premises, I verily believe that the declaration of the 1st Respondent was founded upon a totaling process and figures which did not accurately reflect the results recorded at the affected Polling Stations and that the election was therefore not conducted and concluded in accordance with the prescribed electoral process.

31. That I have been advised by my advocates and I verily believe that the conduct of the 2nd Respondent's Returning Officer to postpone the announcing of election results, not verifying and announcing election results for 13 Polling Stations and announcing results that did not reflect the true votes cast in the circumstances, contravened the duly established Electoral Process Rules.

32. That with respect to the foregoing paragraphs, I have been advised by my advocates and I verily believe that the conduct of the 2nd Respondent is wrongful and the same, contravened the electoral rules and as such, renders the election of the 1st Respondent as Member of Parliament for Bangweulu Constituency void and I accordingly seek, the reliefs stated in my Petition.

33. That I verily believe that the contents of this Affidavit are true and correct to the best of my knowledge, information and belief.
