AFFIDAVIT VERIFYING FACTS

I, **CHILANDO CHITANGALA**, a Zambian National, of House No. 121A, Ngwerere Road, Roma, in the Lusaka District of the Lusaka Province of the Republic of Zambia, **DO HEREBY MAKE OATH** and SAY as follows:

1. **THAT** my full name, nationality and residential address are as stated above.

2. That I was a candidate for election as Member of Parliament for the Roma Parliamentary Constituency at the General Elections held on 13th August 2026, having contested the election on the ticket of the Resolute Party.
3. That the Parliamentary Election for the Roma Parliamentary Constituency was held on 13th August 2026, and the 1st Respondent, who contested on the ticket of the United Party for National Development (herein UPND), was purportedly declared elected by the Electoral Commission of Zambia on 15th August 2026, having obtained 17,201 votes, whilst I was declared to have obtained 16,257 votes with only a difference of 944 votes.
4. That about 22:00 hours on 12th August 2026, ballot boxes and other electoral materials were handed over by the Electoral Commission of Zambia ("herein ECZ") in the presence of accredited monitors, including my monitors, for distribution to the respective polling stations.
5. That the ballot boxes and electoral materials destined for the University of Zambia ("herein UNZA") polling stations were delivered at approximately midnight in the early hours of 13th August 2026, and the polling stations were thereafter prepared for voting.
6. That on the morning of 13th August 2026, the Returning Officer and/or ECZ officials announced that polling at the UNZA polling stations would per statutory position commence at 06:00 hours and close at 18:00 hours.
7. That voting commenced at approximately 06:00 hours and continued throughout the day, and by approximately 17:00 hours the majority of persons who had presented themselves to vote had completed voting.
8. That at approximately 18:00 hours, the polling stations were closed and the counting of votes commenced.
9. That whilst the counting was in progress, persons associated with the UNZA Students' Union leadership, including former student leaders, together with persons associated with the UPND, appeared at the polling stations and demanded that the counting be stopped and the polling process reopened. Now shown and produced before me is a copy of the said footage demonstrating the same marked **"CC1"**
10. That the said persons stated that there were students who had not yet voted and who ought to be permitted to cast their ballots notwithstanding the closure of the polling stations and the commencement of counting.

11. That accredited observers and monitors present at the polling stations, including representatives of the Young Men Christian Association, Young Women Christian Association, Law Association of Zambia and other monitoring organisations, objected to the reopening of the polling stations on the ground that counting had already commenced.
12. That notwithstanding those objections, the ECZ officials and/or Returning Officer permitted the polling stations to be reopened. Now shown and produced before is a copy of the said footage showing the same marked '**CC2"**
13. That upon the reopening, ballot papers which had already been brought into the counting process were put aside and the counting process was interrupted to permit further persons to vote. Now shown and produced before me is footage and pictures showing the same marked **"CC3"**
14. That on the first reopening, more many persons were permitted to enter the polling stations and cast their ballots after the official closing time.
15. That the said persons were permitted to vote without proper verification against the voters' register to establish whether they were duly registered at the relevant UNZA polling station or stream.
16. That after the said persons had voted, they left the polling station at approximately 19:00 hours, whereupon the counting process resumed.
17. That at approximately 22:00 hours, whilst counting was again in progress, another group of persons arrived at the polling stations and the voting process was once more reopened.
18. That the said persons were permitted to cast their ballots notwithstanding that the prescribed polling period had expired and counting was already in progress. Now shown and produced before me are pictures and videos demonstrating the same marked **"CC4"**
19. That the second period of voting continued for several hours and extended into the early hours of 14th August 2026, with persons continuing to vote until approximately midnight and thereafter.
20. That during the successive reopenings, there was no proper and verifiable reconciliation of the voters' register with the persons being permitted to cast ballots to establish that those persons were duly registered voters entitled to vote at the relevant polling stations or streams.
21. That during the said periods, voting and counting were taking place contemporaneously, in that whilst votes already cast were being counted in certain streams, persons were being permitted to enter other streams and cast further ballots.

22. That the reopening of the polling stations was accompanied by an organized process in which students were encouraged and/or procured to vote for the UPND candidate for President and the UPND candidate for Member of Parliament for Roma Parliamentary Constituency.
23. That communications were circulated in groups associated with the UPND and/or persons acting in concert with the UPND at UNZA encouraging students to attend the polling stations and thereafter provide proof that they had voted. Now shown and produced before me is a copy of the said pictures demonstrating the same Marked **"CC5"**
24. That the proof requested from students included photographs and/or screenshots showing that they had voted for the UPND presidential candidate and/or the UPND parliamentary candidate. Now shown and produced before me is a copy of the said proof Marked **"CC6"**
25. That students participating in the said process were promised and/or paid monetary allowances for voting in the manner directed. That the amounts paid or promised included approximately K200.00 and K500.00, and communications were exchanged in which students complained that they had received K200.00 instead of K500.00 and demanded payment of the higher amount. Now Shown and produced before me is a copy of the said pictures showing the same marked **"CC7"**
26. That students were required to photograph, capture or otherwise provide proof of how they had voted, and such proof was circulated within groups associated with the UPND. Now shown and produced before me is evidence demonstrate the same marked **"CC8"**
27. That when I and/or my representatives attempted to raise objections concerning the reopening of the polling stations and the voting which was taking place after the closure of polling, we were confronted, obstructed and/or forced away from the polling environment by persons associated with the UPND and/or persons acting in support of the 1st Respondent. Now shown and produced before me is a copy of the footage said **"CC9"**
28. That following the conclusion of the successive periods of voting, the Returning Officer and/or ECZ officials directed that the various streams at UNZA conduct their respective counts separately.
29. That the various streams were divided for purposes of counting, with monitors and ECZ officials assigned to the respective streams.
30. That the counting process continued throughout the night and into the morning of 14th August 2026, ultimately continuing until approximately 08:00 hours.

31. That upon completion of the counting, the ballot papers and other electoral materials were packed by ECZ officials and loaded onto a truck for transportation to the relevant tallying and/or totaling centre.
32. That after the electoral materials left the UNZA polling stations, neither I nor my monitors had knowledge of what transpired with those materials at the totaling and/or tallying centre.
33. That upon a subsequent comparison of the results announced and/or aggregated by the ECZ with the results recorded in the copies of the relevant GEN 20 Forms retained by me and my accredited monitors, material and unexplained discreparicies were discovered between the figures declared by the ECZ and those recorded at the respective polling stations. Now shown and produced before me are copies of the disputed announced results and Gen 20 forms collectively marked as **"CC10"**
34. That the said discrepancies operated to the advantage of the 1st Respondent and to my prejudice and detriment, and affected the accuracy of the final result declared in the Roma Parliamentary Constituency.
35. That I verily believe that the 1st , 2nd and 3rd Respondents shall suffer no prejudice whatsoever by the nullification of the said election, whereas the integrity of the electoral process and the interests of the electorate shall be safeguarded by requiring that any fresh election be conducted in strict accordance with the Constitution and the electoral laws of the Republic of Zambia, free from the irregularities, interference and practices hereinbefore deposed to.
36. That, in the circumstances, no lawful prejudice shall be occasioned to any of the Respondents by the setting aside of an election which, on the facts herein stated, was not conducted in accordance with the manner prescribed by law.
37. That the facts deposed to herein are true and correct to the best of my knowledge, information and belief.
